

CR 2

Terms and Conditions for Studio Rental

CR2 Studios Ltd

Studio 1,

3-5 Latona Road

London

SE156RX

T: 0207 732 7801

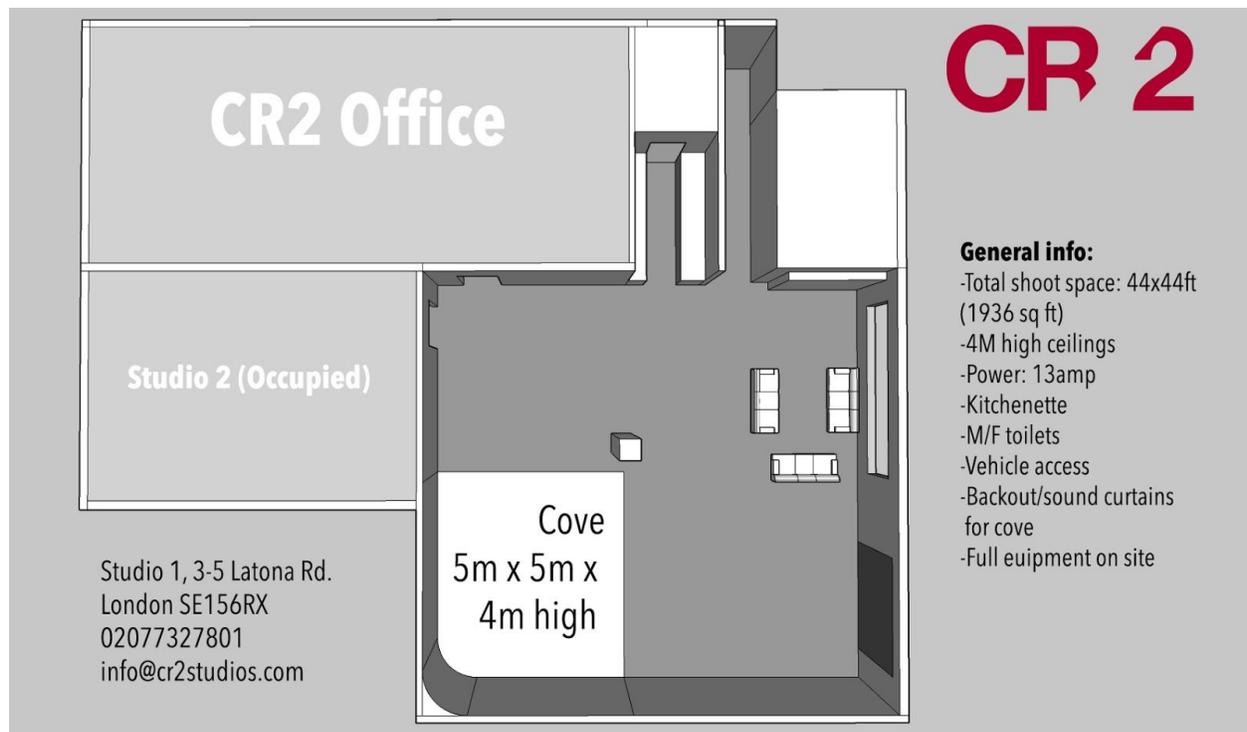

E: info@cr2studios.com

UK Business Registration number: 08448848

VAT Registration number: 161148430

Thank you for choosing us for your photo or video shoot. Please find details of rates on the estimate we sent to you.

Floor plan:

Studio Basics:

-“Pencils” are fully confirmed once payment is made. We generally don’t guarantee shoot bookings until a payment is made.

-Minimum studio rental time: 4 hours (half day)

-Clients may arrive 15 minutes before shoot.

-Overtime is £45/hour for weekdays, £65 for weekends, excluding vat.

-Rental starts when clients enter and ends when clients are ready to exit the building, please let us know at least one hour before the shoot ends if you are likely to run over the agreed shoot time as overtime will apply. We reserve the right to ask clients to leave at the end of their rental period if overtime is not agreed upon within the specified time, due to the possibility of other clients renting the studio after you.

-Overtime will be added on to a final bill, along with any extras, such as catering, equipment used on the day (see equipment rental list below) or breakages/damaged equipment. Invoices for such are due on receipt.

Basic Rates (for dry hire):

Monday-Friday: £360+vat £432 9AM-6PM (9 hours, lunch hour included)

Monday-Friday: £45/hour+vat £54 (8AM-12AM opening times, minimum rental 4 hours)

Weekends/Bank holidays: £440+vat £528 (9 hours, lunch hour included)

Weekends/Bank holidays: £65/hour+vat £78 (8AM-12AM opening times, minimum rental 4 hours)

Overtime: £45/hour+vat £54

Max crew size 10.

The above rates are for a “hard finish” at the times quoted. Clients will be ready to leave the building at the end of the rental time unless priorly agreed.

Studio doors open at 8.45AM, unless otherwise priorly agreed.

(Prices excluding vat)

Dry hire

-Any queries needing attention, or for help on the day, please ask one of the CR2 team. For any help needed we are here for you in the **CR2 office**. We will set up your rental equipment during or before the shoot, however if you require a lighting assistant on set for the duration of the rental, please let us know at least 24 hour before the shoot. We cannot guarantee the availability of freelance assistants.

-Steamer, clothing rails and hangers are included for a whole day of rental. Half days and per hour rentals will incur a small rental fee (please see rental rates below for more details)

-Dry hire does not include catering. We have various options on the day, depending on your budget. Our kitchenette includes use of an empty client fridge, hobs, microwave and cutlery/crockery. We never guarantee we have enough for the entire shoot team, so shoot teams larger than six people, please ask in advance so we can arrange extra items for you.

-We expect clients to leave the studio in a reasonable state when they depart. Please do not, on any circumstances, place anything down the toilet other than paper and bodily matter. Bins are provided in each toilet. If these instructions are not met, our macerator will fail and we will have major problems with our plumbing. (WPP only!)

-During the winter months, we will provide a certain amount of heating. We understand this may not be enough for some, depending on the type of shoot. We offer large gas bottles on site that are available to rent. For more info, please see rental rates below.

-Lunch. We have a big asda less than 5 minutes walk from the studio, many takeaways nearby, plus our own caterer. If you are booking a caterer please place order within 48 hours of the shoot.

-Drinks Fridge. Two options here: Either we fill the fridge for you with bottled water, and charge a one off fee (please see equipment list below) OR the drinks fridge is stocked by us, with a variety of soft drinks, available for purchase on the day. Any unpaid for drinks will be charged back to the client at the end of the shoot. Please see soft drink prices next to the fridge.

-Dry hire includes use of our stereo system. Please ask one of our staff members in our office for assistance in connecting your phone or laptop to our bluetooth speaker system. Please do not attempt to climb up to the amplifier to connect it yourself, as this may result in injury and/or damage. Please be respectful to our studio's tenants and ask in the office beforehand if you require loud music.

Single phase/3 phase power

We offer the above power outlets, (Single Phase 63 amp, single phase 32 amp, 3 phase 63 amp, 3 phase 32 amp and 13 amp domestic sockets) that are situated 6 meters from the infinity cove. Our commando sockets are backed up by standard Type B MCBs. Power for the commando sockets is charged at **15p/unit**. domestic power is inclusive.

Cove

We offer inclusive use of the infinity cove for studio dry hire. By default, the cove is painted white. Due to wear and tear, it does tend to deteriorate from shoot to shoot. We re-paint it regularly, however if you specifically wish for it to be freshly painted white before the shoot, please let us know in advance. There may be a charge for this service. (See equipment list below) If you wish to paint the cove another colour other than white, this will need to be done the night before at the very latest. We do not supply the paint or the manpower, and the cove will need to be returned back to white after the shoot.

IMPORTANT: Please do not stand on the corner edges of the cove as they are made from 3mm thick plywood and will collapse under a person's weight.

Payments

To confirm booking, we usually send a worldpay link via email. The secure link will prompt you to make the payment via your browser. Once the payment is complete, we will send you your booking confirmation. Once the payment is made, the amount is non-refundable. You may also pay remotely by telephone. (Phone number above)

BACS Payments may be made by bank transfer, HSBC account: (sort code) 40-02-52 90127256 Cheque: CR2 Studios Ltd.

CR2 Studios is not responsible for any client's property or samples lost, damaged or stolen in the studio during or after the shoot. CR2 Studios is also not responsible for any injuries caused in our premises due to negligence.

Equipment Rental

Below are rental rates for all equipment on-site. Rental is for one day, from the time the rental begins, to 12AM. Equipment is to be kept on site at all times.

Breakages/lost/damaged equipment policy

The client is responsible for any equipment lost/stolen/damaged during studio rental, on site or otherwise. In the event we make an insurance claim, this will result in the client paying the excess we are charged from our insurance company. If we cannot make an insurance claim, for whatever reason, or where the repair bill for the equipment is lower than the excess, we reserve the right to charge the full amount for the repair or replacement of the item/items lost/damaged/stolen.

In the case of equipment being accidentally taken home, (such as flash triggers, tripod plates or camera batteries) we reserve the right to charge the full amount to the client booking the shoot to replace missing items.
