## DRINKS

Our carefully crafted cocktail menu references the Old World (Europe and Africa), New World (Americas) and the Orient. Our bar team have worked meticulously to source and discover unusual ingredients to create the Oriole cocktail menu.

## FOOD

Our Nikkei-inspired food menu will feed the imagination as well as the body. Worldwide influences and forgotten ingredients combine to perfectly compliment our cocktails.

## MUSIC

Oriole showcases rhythmic, acoustic music from around the world: from the early jazz of New Orleans' red district and early international swing jazz to the blues of the Deep South, Cuban Son, Trinidadian Calypso, and West Coast African blues.

*“Music is the  
universal language  
of mankind.”*

*Henry Wadsworth Longfellow*

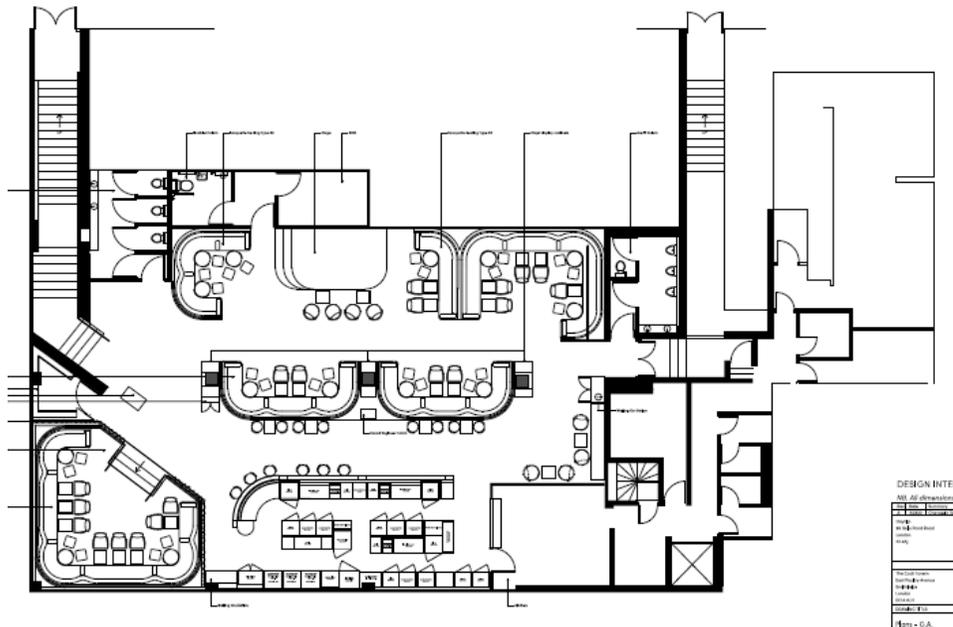

*The best seats in the house,  
though, are at the bar, where one  
can watch Luca Cinalli and his
