

London parties – best served on a rooftop

London isn't short of event spaces, that's for sure. But not all event spaces were created equal. Or tall. Or with incredible views. This one is.

Welcome to cloudM rooftop bar at citizenM Tower of London – where the cocktails make you talkative, but the views leave you speechless. Spacious, airy, sparkling and filled with art and books, this is the place where you bring people you want to reward, impress or entertain. Here, the Queen is always available for selfies, and London looks extra photogenic, rain or shine.

Choose one or both spaces and let us entertain you.

the space

- cloudM capacity - 250 standing
- 8th floor capacity - 100 standing
