A PALATIAL VENUE

One of London's best kept secrets, Eltham Palace has seen centuries of lavish entertaining – from minstrels playing for royalty to 1930s millionaires hosting celebrities of the day. The palace was originally a medieval residence for bishops and kings and was later transformed into a 20th-century mansion. Its eclectic make-up creates a setting that combines ancient and modern to dazzling effect.

When textile magnates, the Courtaulds, bought Eltham in the 1930s, they built an ultra-modern home adjoining the medieval palace. Sparing no expense the house's sleek design is the epitome of Art Deco luxury. Three interconnected rooms lend your event an instant air of sophistication. While the medieval hall with its magnificent hammerbeam roof and the beautiful moated garden provides a host of options for events of every size.

IDEAL FOR ENTERTAINING

From away days to spectacular showcases for up to 300 guests.

EASILY REACHED BUT A WORLD AWAY

Eltham is only a 20-minute train ride from London Bridge, but offers all the benefits of the countryside - from extensive parking to a short walk to Royal Blackheath Golf Course. The gardens are a slice of horticultural heaven, with moated grounds for a summertime reception, or expansive lawns for a team building workshop.

SOMETHING DIFFERENT

A masterpiece of modern design this venue is full of interesting quirks. From the private quarters of the millionaire's pet lemur, to their underground air raid shelter, there's a host of discoveries and talking points for guests to enjoy as part of their visit.
